

# CORDLESS CLEANING POWER, FLEXIBILITY AND EFFICIENCY

The TBL 2228/100T, equipped with two NX1K lithium phosphate batteries, offers unparalleled cordless cleaning convenience, combining a powerful dual brush design, 22-gallon capacity, and a generous 28" cleaning width. With this machine, you can tackle even the most demanding cleaning tasks in no time at all, thanks to reduced downtime spent on emptying and refills. The dual brush design enhances pressure on the floor, making it ideal for high-traffic areas that demand a thorough and deep clean. Additionally, its traction drive motor reaches speeds up to 4.3 mph, providing efficient movement and maneuverability during operation.

## ADVANCED & SAFE LITHIUM PHOSPHATE TECHNOLOGY (LFP)
