

Upright, Alright!

INTRODUCING

OUR NEW LINE OF COMMERCIAL
UPRIGHT VACUUMS

INTRODUCING NACECARE'S NEW LINE OF INNOVATIVE UPRIGHT VACUUMS

Commercial upright vacuums offer businesses a powerful, reliable solution for intensive cleaning tasks. They are built to deliver efficiency and durability where it counts.

HIGH-PERFORMANCE MOTOR & HOSPITAL-GRADE FILTRATION

Ensures effective cleaning and containment of dust in the bag

180° MANEUVERABILITY

Flexible steering on N12S and N15S models for easy use in tight spaces

VERSATILE POWER HEAD

Can be turned off for hard floors; 6-inch, 180 degree profile reaches under furniture

ADJUSTABLE BRUSH HEIGHT

Four levels for optimal cleaning on any surface

CONTROLS & ALERTS

Red and orange lights signal brush height issues, full bags, or clogs

MOTOR PROTECTION

Bypass valve opens with airflow blockage protecting vacuum motor. Automatic shutoff for jams and motor in the powerhead prevents damage of the belt.

QUIET OPERATION

Hospital-grade exhaust filter reduces motor noise

BUILT FOR RIGOROUS USE, THEY'RE PERFECT FOR HIGH-TRAFFIC SPACES

Offices

Healthcare Facilities

Hotels

Schools and Universities

Retail Stores

Model	N12	N12S	N15	N15S
Cleaning Path	12"		15"	
Swivel Head	No	Yes	No	Yes
Operating Voltage	120V, 60 Hz			
Vacuum Motor	1200 W			
Suction	175 mbar (1780 mm H ₂ O)			
Air Flow	100–106 cfm			
Capacity	1 gal.			
Filter Bag	3-layer			
Weight	10–16 lbs			
Noise Level	67.5–68.5 dB(A)			
Protection	Double insulated			
Power Cord	40'
