

UPRIGHT VACUUMS

NaceCare Upright Vacuums N15/N15S

Commercial upright vacuums offer businesses a powerful, reliable solution for intensive cleaning tasks. They are built to deliver efficiency and durability where it counts, featuring high-performance motors and hospital-grade filtration.

Designed for rigorous use, these vacuums provide versatile cleaning capabilities with advanced features like 180° maneuverability, adjustable brush heights, and intelligent motor protection systems.
